More Than A School – A Community!

Mission

Saint Bridget School is dedicated to providing Christian formation, a quality education and the development of the whole person within a Catholic faith community.

The Saint Bridget Family

Saint Bridget School is much more than a school. We are a community of families, staff, and administrators, with similar Christian traditions and values. We are dedicated to providing a complete, well rounded education for our children. The sense of community and family pervades life at Saint Bridget School. This is truly an environment where families know one another and care deeply about the school and the children's complete education. Families and students experience the curriculum together, and benefit from one of the most competitive academic environments in the Metrowest area.

Family events are a major part of the Saint Bridget School calendar including: our annual Halloween party, Christmas concerts, school plays, pot luck dinners, spring family outing, and many more.

In addition, the Saint Bridget School community has a strong tradition of volunteerism and a very active PTO, which compliments the dedication provided by the faculty and administration.
